

# Happy Valentine's Day

*You know honey...*

*Sometimes I watch too  
much TV...*

*And I never pick up  
my clothes...*

*I always break the  
plumbing when trying to  
fix it...*

*And sometimes I forget  
to compliment you...*

*I have poor hygiene.*

Another fine product from:

*But I'm lucky I found YOU*

*You're patient and understanding when I act like a  
worthless cave man dufus.*

*You pick up after me when I'm lazy and useless.*

*You always bring me nachos when I'm watching  
the game or taping over your show.*

*You do the dishes while I play computer games.*

*You have good hygiene to balance out my stench.*

*I'm so lucky you married a loser like me.*

*I'm incomplete without you, like a taco without cheese.*

*I can't imagine living without you...*

*Really, I'd probably die.*

*Happy Valentine's Day*
